3.- Da clic en el archivo .exe que se descarga en tu computadora:

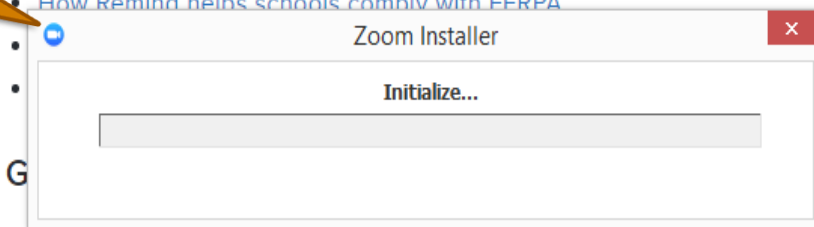

ZoomInstaller (2).exe[Show all downloads...](#)

Students and parents don't see educator phone numbers, and educators don't see student and parent phone numbers, either.

Remind takes data privacy very seriously. Personal data is never shared or sold, and we use standard encryption methods like SSL to protect user information. Remind is also COPPA-compliant, which means that we include safeguards to help protect children under 13.

The following documents include more information about privacy and security at Remind.

- [Remind security overview](#)
- [How Remind helps schools comply with FERPA](#)

4.- Esperar a que se descargue el complemento de zoom:

**G** Mexico City (-06:00) If you need to get started on Remind is an email address. If you're at a Google school, we recommend using Google Connect to set up accounts with your school domain.

From there, it's just [3 easy steps](#) to simple school communication: signing up for Remind, inviting participants to join your classes, and sending your first message!
